

YEES Workshop, Algemés – 13 October 2016

The workshop was held in IES Sant Vicent Ferrer in Algemés. The workshop has been organized together with the CEFIRE of Xàtiva. We include a public call to all the VET institutes in Valencian Region.

More than 100 teachers were interested on participating, we select 40 participants

We organized one face to face day to explain the VET participant teachers how to register, the modules of the MOOC, how to develop the activities and how to send them to the tutor, the way to interact with the tutor of the course and how to get the certificates.

During 3 weeks, participants were monitored by the tutor. Participants received 2 certificates, one from the platform and another formal one that CEFIRE of Valencia expedited after completing the training course
