#### **Minutes**

This workshop has as aims to present the MOOC to the enterprises and promote there participation in the project. The enterprises have the opportunity to get familiar with the online platform, question doubts and learn how to do the online registration to access the MOOC.

The enterprises get acknowledge with the 3 modules of the MOOC and the procedures to get the certificate.

The workshops were conducted by a APPIS technician named Olinda Vinhas.

As conclusions we may say that the workshops were very productive and that the aims were achieved.
